

In my line sent to you, Michael Grennell was a Revolutionary soldier and is the ancestor whose service made possible my D. A. R. membership; this line could be used by you if it is the line you need and I will gladly help you obtain membership in the D. A. R. if you wish it.

So glad to hear Mr. Arthur Curtis is better. Hope he continues to improve. Hope, also, that you are steadily regaining health.

We are both well. Roy is in Chicago attending the National Safety Council. I expect him home tonight. He is a Safety Director at Ternstedt's Division of General Motors.

Mother writes she keeps well and as active as usual. I had hoped Mother and Ora would visit us this fall, but Ora writes it is impossible for her to leave her work and come so far.

Best regards to Hobart and his family, and to Augusta.

Lovingly,

Edua
